PROJECTS

- **Biteery - Food Ordering Mobile App (UI/UX Design)**
Designed a modern food ordering iOS application in Figma. Created clean UI, consistent design system and interactive prototype for a seamless user experience.
- **AI Image Generator Mobile App (UI/UX Design)**
Designed an AI-powered image generator app with prompt creation, image preview and history screens. Focused on usability, clean layout and modern design.
- **Swarg Swad Restaurant Website (Frontend Development)**
Developed a responsive restaurant website using HTML, CSS. Features include menu, online ordering, dining and take-away options.
